Social-Emotional Learning has Never Been More Important.

The Social-Emotional Learning Coalition is bringing critical, culturally relevant social-emotional learning resources into core instruction to support educators and students nationwide. Join us as we partner with school districts to foster social and emotional growth to prepare all students for their brightest futures.
The Social-Emotional Learning Coalition

As students and teachers navigate these unprecedented times, Social-Emotional Learning (SEL) has never been more important. That is why Discovery Education, The Allstate Foundation, and the National AfterSchool Association are partnering together to build the Social-Emotional Learning Coalition, a public-private partnership dedicated to supporting educators, students, and families through equitable access to critical SEL resources.

OUR VISION
The Social-Emotional Learning Coalition will bring together corporate and foundation partners, SEL providers, thought leaders and subject matter experts to cohesively and comprehensively ensure access to critical, vetted, and high-quality SEL resources to K–12 classrooms and extended youth-serving organizations.

Social-Emotional development is the foundation to understanding identity, how we relate to one another, and how our experiences shape the world around us. With cultural identity and understanding at the center, we aim to support educators and students nationwide in this important, timely journey.

MADE POSSIBLE BY

CONTENT CONTRIBUTORS

According to a recent report by Civic with Hart Research Associates, less than one in four teachers say SEL is implemented in their school on a programmatic, schoolwide basis.
5 Pillars of the Social-Emotional Learning Coalition

1. **EQUITABLE ACCESS**
   Reduce barriers to critical SEL resources and professional learning resources for every child, teacher, advocate, and parent.

2. **INTEGRATION FOR ALL LEARNING ENVIRONMENTS**
   Support professional learning and core instruction that infuses SEL across content areas; into classrooms and beyond.

3. **QUALITY CONTENT**
   Provide a rich digital platform of high-quality, vetted, up-to-date, and actionable SEL resources for use in today’s world.

4. **THOUGHT LEADERSHIP**
   Foster an engaged coalition of public, private, and philanthropic partners that exchange ideas and catalyze access to SEL at scale.

5. **COMMITMENT TO IMPACT**
   Measure the reach and impact of SEL resources for educators, practitioners, and young people.
